

# UniSysCat Colloquia foo

## 2020

<b>8 January 20</b> 5:15:00 PM C 264	<b>Prof. Dr. Rhett Kempe</b> Universität Bayreuth <i>Catalysis for a more sustainable chemistry</i>
<b>5 February 20</b> 5:15:00 PM C 264	<b>Prof. Dr. Leslie Justin Murray</b> University of Florida <i>Bond Scission and Formation Facilitated by Polynuclear Metal Complexes</i>
<b>11 March 20</b> 5:15:00 PM C 264	<b>Dr. Inês A. Cardoso Pereira</b> Universidade Nova de Lisboa <i>Biocatalysis of H<sub>2</sub> production and CO<sub>2</sub> reduction</i>
<b>20 May 20</b> 5:15:00 PM C 264	<b>Dr. Matthew Conley</b> University of California, Riverside <i>Generation of structurally defined sites on surfaces: Towards tailored heterogeneous catalysts</i>
<b>03 June 20</b> 5:15:00 PM C 264	<b>Dr. Ulrich Schubert</b> Friedrich-Schiller-Universität Jena <i>To be announced</i>
<b>17 June 20</b> 5:15:00 PM C 264	<b>Dr. Bruno Chaudret</b> Institut National des Sciences Appliquées <i>Iron based Organometallic Nanoparticles for Magnetically Induced Catalysis</i>
<b>15 July 20</b> 5:15:00 PM C 264	<b>Prof. Dr. Peter Wasserscheid</b> Friedrich-Alexander-Universität Erlangen-Nürnberg <i>Supported Catalytically Active metal Solutions (SCALMS) – single atom catalysis for alkane dehydrogenation</i>
<b>29 July 20</b> 5:15:00 PM C 264	<b>Dr. Maxie Rössler</b> Imperial College London <i>To be announced</i>

C 264 - Lecture Hall C 264, C Building, Department of Chemistry, TU Berlin, Straße des 17. Juni 115, 10623 Berlin

Coffee and cake will be served 30 minutes prior to the lecture. Guests are cordially invited to attend!  
 Prof. Dr. Arne Thomas - Spokesperson of the Cluster of Excellence UniSysCat - [www.unisyscat.tu-berlin.de](http://www.unisyscat.tu-berlin.de)
