

From Marseille to Berlin, with catalysts

Start Time: Thursday, December 21, 2023

End Time:

During a 2-day meeting held on December 4th and 5th, 2023, researchers from UniSysCat met with their French colleagues from the University of Aix Marseille. The focal point of this gathering was to deepen international exchange in the field of "gas-converting metalloenzymes" and to forge novel cooperations between the institutions.
