

Clara Immerwahr Award 2024: Call for applications

Start Time: Monday, August 28, 2023

End Time:

The call for applications for the [Clara Immerwahr Award 2024](#) is now open. The application deadline is November 5, 2023.

Established by UniCat in 2011, the Clara Immerwahr Award aims to advance equity and excellence in catalysis research by supporting young female scientists in the early stages of their careers. This award is a tribute to [Dr. Clara Immerwahr](#) (1870-1915), who achieved the distinction of becoming Germany's first woman to earn a doctorate in Physical Chemistry in 1900.

Administered by UniSysCat, the Clara Immerwahr Award is granted annually to a promising young female scientist, either from Germany or abroad, who is in the early phases of her career (postdoctoral fellow or junior researcher). This recognition celebrates exceptional achievements in the field of Catalysis Research. The recipient is awarded a grant of 15,000 Euros to facilitate a research stay at UniSysCat, fostering opportunities for close collaboration with UniSysCat's research groups.

If you are interested in applying for the award or recommending suitable candidates, detailed information about the award and the application procedure can be found [here](#).

Curious about the accomplishments of past awardees? These remarkable young female researchers have all gone on to achieve significant milestones in their careers and have pursued captivating research endeavors. We proudly introduce them to you! Discover more about their journeys [here](#). Let their stories ignite your inspiration!
