

UniSysCat @ BerlinScienceWeek: the Science Slam of the Berlin Clusters of Excellence

Young scientists from Berlin's Clusters of Excellence

Start Time: Thursday, November 10, 2022

End Time: Thursday, November 10, 2022

Roadrunner's Paradise, Saarbrücker Str. 24, 10405
Berlin, <http://www.roadrunners-paradise.de/>

The Science Slam

At our cluster science slam, scientists try everything to entertain their audience, regardless of whether the subject is e.g. mathematics, neuroscience or active material. The sky is the limit when it comes to what's possible. Costumes, props, movies, power-point presentations or other experimental setups – it is all allowed. Only time sets the limits – every slammer will have ten minutes at most. And the audience will decide which presentation is best!
