

Talk about International Exchange Opportunities to Australia

Start Time: Monday, June 26, 2023 04:00 pm

End Time: Monday, June 26, 2023 06:00 pm

C074

TU Berlin

On Monday, June 26th, [Prof. Katya Pas](#), who is visiting UniSysCat, will give a seminar with the title "**School of Chemistry at Monash: Research Capabilities and Exchange Opportunities**". In this general 30/40-min talk, she will introduce the [School of Chemistry](#) at [Monash University](#) in Melbourne, Australia and showcase the possibilities in exchange programs for both undergraduate and PhD students. Afterwards, there will be enough time for questions and networking.

The School of Chemistry is collaborating with UniSysCat since 2019. So if you're interested in international academic exchange and want to profit from this collaboration, you can get all the information you need at this talk!

- **When?** June 26th 2023, at 4pm
- **Where?** C074
- **For who?** Undergraduate and PhD students, researchers, anyone interested
