

Clara Immerwahr Award Symposium 2025

Start Time: Thursday, April 10, 2025

End Time: Thursday, April 10, 2025

Room H 2036 (Symposium)/H 2025 (Coffee breaks,
Lunch, Reception)

TU Berlin, Straße des 17. Juni 135, 10623 Berlin

The Symposium

For the first time, we are bringing together all past recipients of the Clara Immerwahr Award for a symposium in Berlin. This event offers a unique platform for scientific exchange, interdisciplinary discussions, and networking – both for the awardees and for students, researchers, and all interested participants.

We look forward to your participation! Registration is open until **April 6, 2025**, via the [TU Berlin event page](#).

Program

9:00-9:15	Juri Rappsilber, Spokesperson of UniSysCat	Welcome Address and Opening Remarks
9:15-10:00	Kylie A. Vincent	Talk: "Biocatalytic hydrogenations for cleaner chemical manufacturing"
10:00-10:30	Coffee Break	
10:30-11:15	Teresa Santos-Silva	Talk: "Structural biology supporting biosensors and antibiotics development"
11:15-12:00	Reshma Rao	Talk: "Understanding catalytic interfaces - from model

12:00-13:00

Lunch Break

systems to electrolysers"

13:00-13:45

Michelle Browne

Talk: "Beyond conventional metal oxide catalysts for the oxygen evolution reaction"

13:45-14:30

Anna Company

Talk: "Synthesis and reactivity of high-valent oxoiron species relevant in biology and catalysis"

14:30-15:00

Coffee Break

15:00-15:45

Meera Mehta

Talk: "Recycling greenhouse gases with pnictogen clusters"

15:45-16:30

Tracy Lohr

Talk: "Using delplots to delineate product ranking in industrial ethylene epoxidation"

16:30-18:00

Reception

Claudia Ben Nasrallah

Organizer
